

2019年12月大学英语六级真题答案与解析（答案合辑）

说明：2019年12月六级为「2套听力 + 3套阅读/写作/翻译」结构，且为“多题多卷”。公开来源对三套的编号与相互配对（写作↔翻译↔阅读）高度不一致（如：牡丹/荷花/梅花被不同来源分别标为第1/2/3套；阅读三套的套号在石家庄新东方与无忧考网(星火)间整体互换）。本文件按题型/话题列出全部内容，请考生对照自己试卷的题目与选项顺序核对，不要机械套用“第几套”编号。

重要冲突/提示：

- 选词填空 版本C（性格投射到机器）第28、32题：无忧考网(星火)给 28.H / 32.I，新东方(xdf)与CET6知识库给 28.I / 32.H（H 与 I 互换）。本文件采用无忧考网(星火)值并保留对照。
- 写作/翻译/阅读的“第几套”在各来源间不统一，本文件不以编号配对，请按话题匹配。

六、写作范文 (Writing, 共三套, 按话题)

写作①：The Importance of Having a Sense of Social Responsibility (社会责任)

As we all know, responsibility is one of the most basic qualities. If we give up the responsibility, we are equal to give up the whole world. As far as I am concerned, we should have a high sense of responsibility to become an upright person. How can we cultivate social responsibility? To start with, children should be taught about good moral outlooks, so that when they grow up, they will become law-abiding and responsible citizens. Furthermore, the humanistic education is vital, especially for us university students because we are the future pillars of our country. Last but not least, it is necessary to encourage people to care for others, help others through all kinds of propaganda, because each individual is closely related to and bears obligations to others. If all the citizens have a sound sense of social responsibility, it is hopeful that the world will enjoy a better future. Therefore, let's take our social responsibility and contribute to our society.

写作②：The Importance of Having a Sense of Family Responsibility (家庭责任)

Home is a warm harbor for every family member. It brings us warmth, and gives us strength over the long course of our lives. While enjoying the benefits of the family, everyone should have a sense of family responsibility and contribute to the happiness of the family life. To begin with, as a member of the family, everyone is obliged to take on family responsibilities. Secondly, by taking family responsibilities, the relationship between family members can be strengthened, thus a harmonious family can be created, which can make each family member feel a sense of belonging. A good growing environment will influence one's psychological development and ultimately one's personal development. More than that, each person with a good sense of family responsibility will develop a good sense of social responsibility, which will do good to our society. To sum up, it is of great importance for everyone to have a sense of family responsibility, not only in that it strengthens family bond, thus do good to one's personal development, but that it is beneficial to the social development. So, my dear friends, please take an active part in your family responsibilities!

写作③: The Importance of Having a Sense of Community Responsibility (社区责任)

We all live in community. Community responsibility is an individual's duty or obligation to the community, which includes cooperation, respect and participation. The concept goes beyond thinking and acting as individuals to common beliefs about shared interests. With the development of society and interpersonal communication, it has gradually become a basic requirement for everyone. In my opinion, the sense of community responsibility is equally important to the development of community and the growth of individuals. As a college student, the sense of community responsibility means that we should give priority to the interests of our school and class. If everyone takes on our own responsibilities, we can not only make our school better, but also improve our moral standard. As a citizen, we should pay more attention to the collective interests and exercise our obligations as citizens, such as participating in community voting and promoting environmental protection, etc. If everyone contributes our part, everything around us will become better. All in all, all of us should assume our community responsibilities, take the collective interests first and think more about others. Only in this way, will social development be more smooth and the relationship between people become more harmonious.
